

VBS Mission Program

By
Trinity HOPE

Tracking Your Mission Donations

Kids like to visually see a goal being reached. We have had some good suggestions other churches have used.

Some VBS programs used a big thermometer to track the offerings for the Children in Haiti.

Another used a large container and for each quarter donated, the child got to put a specified amount of rice into the container.

Our Goal \$1,000.00

	Feed 4,000 kids
	\$ 800.00
	Feed 3,200 kids
	\$ 600.00
	Feed 2,400 kids
	\$ 400.00
	Feed 1,600 kids
	\$ 200.00
	Feed 800 kids
	\$ 100.00
	Feed 400 kids
	\$ 50.00
	Feed 200 kids

\$0.25 per Meal

Then there was one church that REALLY got into the spirit of things! They had a girls vs boys race for the most donations. The winning team choose an adult from the other team to receive a pie in the face!! Such fun!!

However you choose to do this fun activity is up to you just have fun with it and definitely share your experience with us. We would love to see photos of your VBS Kids Feeding Kids!!

Look for your reply envelope to send us your photos, survey and donations!!
