3. Add the pony beads to the longer end of the cord/leather by threading them on in this order: gold/yellow, black, red and white.
4. Thread the card onto the cord/leather (see card instructions below).
5. Thread on the green bead.
6. Tie a knot next to the green bead to hold the beads in place in the center of the cord/leather.

## Card Instructions:

1. In the package that you received, find the sheet with the colors and their meanings and make copies onto sturdy paper or card stock.
2. Cut out each individual card.
3. Punch a hole in one corner of the card where it won't interfere with the text.
